

GROUND TO PIECES WAS OHIO FARMER BY N. & W. TRAIN

Byrd Daulton, of Winchester, Ohio, Is Horribly Mangled By Fast Passenger Train.

When Byrd E. Daulton, aged 33 years, a farmer residing about one mile east of Winchester, O., near the Elk Run trestle, was run over by an eastbound N. & W. passenger train his body literally was cut to pieces and the various chunks of flesh and bone scattered along the tracks for a distance of 200 yards, a trail of his life blood following along the rails.

The man's face was crushed out of all resemblance, and the victim of the frightful tragedy was identified through his watch which was picked up along the side of the track and by grocery slips he carried.

How Mr. Daulton came to be lying on the railroad track is a matter of speculation. He had been in Winchester that evening and had purchased some groceries, which he carried in a basket. He was thought to be under the influence of some kind of intoxicant before he left town, and 5-ounce bottle of lemon extract was found, unbroken in one of his coat pockets picked up along the track where it had been cast aside as it was cut from his body by the car wheels. He had left Winchester about one hour before train run, and may have fallen across the tracks in a stupor while on his way home, the basket of groceries pitching to one side of the track. He also is said to have been affected with heart disease.

HIGH SCHOOL STUDENTS WORK HARD FOR MOVIES

Street Demonstration Is Followed By Canvass of Visitors in the City By High School Students.

That the students of the Maysville High School are determined to put across their campaign to obtain a moving picture outfit for the High School building, was demonstrated this morning by a street parade and by the "picketing" of every downtown corner during the day by High School girls and boys who worked hard all day and secured scores of subscriptions for the magazine which they are representing.

Already several hundred subscriptions have been obtained. The objective is one thousand subscribers and this assures the students of \$500 with which they will be enabled to purchase a complete outfit to be installed in the High School auditorium by means of which their studies can be supplemented with moving pictures of the various subjects they are studying.

Every High School student has already obtained several subscriptions but the campaign will continue for several days. The country people, to whom the magazine should especially appeal, are being canvassed on the streets here today.

30c TO 40c PRICE MUST BE PAID TO SATISFY GROWERS

Newman Says Growers Will Try To Cut Next Year's Acreage Unless Fair Profit Is Given.

Recent stock dividends which he said had been declared by two of the largest concerns using Burley tobacco were pointed to in a statement issued by John W. Newman, president of the Burley Tobacco Growers' Association, as evidence that tobacco manufacturers could well afford to pay prices for the 1920 crop that would compare favorably with the high prices of recent years. He declared that if prices that would yield the cost of production plus a fair profit were not forthcoming when the Burley markets open January 3 the growers "stand ready to make strenuous efforts to curtail next year's acreage."

Mr. Newman this week has been pushing organization work in the Burley counties and in one instance assisted in the organization of an association that has among its members farmers from the Green River or dark tobacco district. This latter organization was formed in Hardin county. He also is assisting the farmers of Daviess county in the work of organizing to hold the dark tobacco crop until prices which farmers say will prove profitable are obtained. Meantime the association officials, assisted by H. F. Bryant, of Charleston, W. Va., United States Crop Statistician for Kentucky and West Virginia, are taking a mail census of the size and cost of the 1921 crop. It is hoped to complete this by December 20.

"The growers are rapidly organizing for self-protection," said Mr. Newman in his statement, "and they are not going to be satisfied with any price that does not pay cost of production and a reasonable profit. This would indicate that nothing short of a general average of 30 to 40 cents will satisfy the growers."

"The tobacco situation in the Burley district is still confused. The growers are rapidly organizing for self-protection. When the markets open on January 3 the grower is not going to be satisfied with any price that does not pay the cost of production and a reasonable profit. This would indicate that nothing short of a general average of 30 to 40 cents a pound will satisfy the grower."

"On the other hand, the indications are that the manufacturer will insist upon buying the present crop of Burley at a figure that will mean an actual loss to the grower. The prices paid in the Carolinas, Virginia, Owensboro and on the Louisville markets are at the lowest point in the last five years. Most of the tobacco sold recently has been around half the cost of production."

"Probably 80 per cent. of the tobacco sold so far this year has been for foreign consumption."

"The Burley situation is peculiar in that more than 80 per cent. of this type of tobacco is manufactured in this country. Most of the Burley tobacco goes into domestic consumption. The Burley grower will have the sympathy of the public and will be sustained in the fight by public opinion when it is shown clearly that the price for the manufactured package of tobacco in no case has declined from war prices, and there are no indications of any such decline, while at the same time the manufacturer is demanding that the farmer accept near a fifty per cent. loss in the cost of production."

"The 200 per cent. stock dividend recently declared by the R. J. Reynolds Company and 75 per cent. stock dividend declared by the American Tobacco Company out of profits made in recent years on high priced tobacco, is pointed to by the growers as evidence that the manufacturers have not suffered from high prices of raw materials during the last few years."

"The Burley Tobacco Growers' Association is determined to protest a reduction in the prices of their product, while the manufacturers maintain the prices received from the consumer. The grower maintains that the increase in the production of raw material has not outstripped the increase in the consumption of the manufactured tobacco. They will rely upon the force of public opinion to justify them in their stand for the cost of production and a reasonable profit. They stand ready to make a strenuous effort to curtail next year's acreage if the markets open below this figure. They say that the manufacturers may, like Sampson, pull down the temple upon themselves. Raw material must be had out of which to make the manufactured package. The responsibility for any curtailment by the growers will be placed upon the manufacturer. The daily average of Burley tobacco on January 3, will in all probability determine in a great measure the amount of acreage devoted to this crop during 1921."

STRONG CHRISTIAN WOMAN PASSES TO ETERNAL REWARD

Miss Hattie Cooper, One of the City's Most Beautiful Christian Characters Dies, Following Paralysis.

Miss Hattie Cooper, seventy years of age, died last night at 9 o'clock following a stroke of paralysis on Thursday afternoon. She never regained consciousness after the stroke.

Miss Hattie was one of the most beautiful characters in the city of Maysville and was loved by all who had the pleasure of knowing her. Probably no one in the whole of the city came nearer living an ideal Christian life than she. Although her life was filled with troubles of many kind, she remained steadfast in her faith and for years was an example to scores.

Since childhood Miss Cooper had been a member of the First Baptist church of this city and there is not the least doubt that she was the most faithful member of that congregation in attendance upon the various services. Never was the church door opened that she was not present except she be ill.

The funeral will be held from the church she loved so dearly on Sunday afternoon at 1:30 with services by the pastor, Rev. John A. Davis. Burial will be in the Maysville cemetery.

Miss Cooper is survived by one sister, Mrs. Mollie Johnson, of the Hill City Road, one brother, Mr. William Cooper, of Springfield, Ohio, two nieces, Mrs. William Greenwood, of this city and Mrs. Beecher Holliday, of Detroit, Mich., as well as one nephew, Fred Cooper, of Cincinnati.

BRYAN AGREES WITH HARDING IN CONFERENCE

Commoner Says Harding Will Prove 'Honest and Conscientious Public Servant All Will Trust.'

Marion, Ohio, Dec. 18. — With big plan for an association of nations assuming more definite form, President-elect Harding took into his confidence Friday three conspicuous Democrats, William Jennings Bryan, James W. Gerard and James A. Reed, and asked their advice and their aid in fashioning a program behind which the nations could unite.

All three came as invited guests of Mr. Harding, and their consultations with him were surrounded with an air of warm cordiality. Afterward Mr. Bryan, taking the lead in expressing gratification at the day's developments, declared his faith in Mr. Harding as an honest and conscientious public servant whom the whole public would trust.

The former Secretary of State also announced that he had found himself in agreement with Mr. Harding on "fundamentals" and added that he took a hopeful view of the conferences here to evolve a plan for world peace.

Mr. Gerard, former American Ambassador to Germany, and during the last campaign actively connected with the Democratic National Committee, joined with Mr. Bryan in expressing satisfaction at the scope of the association of nations conferences.

Mr. Reed reserved judgment on the outline of an association laid before him by Mr. Harding, but declared he was delighted that one so irreconcilably opposed to the Versailles covenant and to foreign entanglements generally should have been invited to Mr. Harding's council table.

MAN ARRESTED HERE IS CHARGED WITH AUTO THEFT

Cincinnati Man Is Held Here For Cincinnati Authorities on Charge of Selling Stolen Automobile.

Chief of Police Harry A. Ort and Patrolman P. Ryan about supper time Friday arrested three strangers on Market street as suspects in an alleged automobile theft in Cincinnati.

Yesterday afternoon late Chief Ort received a telephone message from Mr. J. J. Laycock, of California, Ky., saying that he had purchased a Ford auto truck from a man by the name of George H. Henson and that after Henson had left in the direction of Maysville, he had learned that the machine had been stolen in Cincinnati.

One of the men arrested here proved to be Henson and as he was the only man of the trio wanted, the other two were allowed to go their way. Henson denies that the automobile he sold Mr. Laycock was stolen. He claims he purchased the machine in Cincinnati and was to pay for it at the rate of \$25 per week.

COALDOCKS FOREMAN HELD UP LAST NIGHT BUT ROUTS BANDITS

Bandits Hold Up Foreman Murphy Near Concord But He Escapes and Routs Bandits With Shot Gun Onto Freight Train.

Mr. William F. Murphy, foreman of the C. & O. coal docks near Concord, was held up at a late hour last night as he was returning to his home near the coal docks from Concord with a basket of groceries on his arm. The bandits jumped in front of Mr. Murphy as he walked down the railroad and demanded that he hold up his hands. He dropped his basket of groceries and lantern and ran into the dark finding his way to his home nearby.

At his home Mr. Murphy got his shot gun and went back to where he had met the men and they had not touched his basket but they again showed themselves and he fired at them twice. Both men jumped onto a passing freight train and made their escape.

Although there has been a wave of banditry throughout the country, this is the first reported in this section.

And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

DEBAUCHING THE CHILD MIND.

"From various sources protests are being made concerning the character of a publication known as 'Current Events' and used for educational purposes in many public schools," declares the Republican Publishing Association. "An inspection of almost any issue will show many indications that the publication is not entirely fair in presenting facts, but is coloring its utterances in support of the League of Nations scheme and is friendly to the Wilson administration."

"In the issue for November 19, for instance, the first column on the first page is devoted to quotations from a Paris newspaper presenting arguments in favor of the United States entering the League. On the second page there is a defense of that portion of the Peace Treaty which gives Shantung to Japan. On page three there are several paragraphs presenting the League question in the most favorable light from the standpoint of those who favor the United States becoming a member. Among other things this issue of Current Events says:

"Many Democratic Senators believe the President will not re-submit the Treaty or do anything whatever to relieve the Republican Senators and Mr. Harding of their complete responsibility for its fate."

"This is practically an assumption that the Republican Senators and Mr. Harding are solely responsible for the defeat of the Peace Treaty. The fact is that Republicans notified President Wilson in advance that they were opposed to the inclusion of the League scheme in the Peace Treaty, and President Wilson assumed responsibility for the fate of the Treaty when he defied the advice the Senators had given him. Moreover, after the Treaty had been submitted and thoroughly discussed, the Republicans in the Senate, including Mr. Harding, proposed certain reservations and then voted for the Treaty with the limitations proposed. The Treaty with reservations was defeated under instructions from President Wilson, who must bear responsibility for that action. It is apparent, therefore, that 'complete responsibility' for the fate of the Treaty does not rest upon the Republican Senators and Mr. Harding."

"Other instances might be cited of an effort in 'Current Events' to create sentiment in favor of the League Covenant and also to defend the Wilson Administration. There is also a gratuitous slap at Members of Congress based apparently upon political gossip."

"If the publishers of 'Current Events' desire to conduct propaganda in behalf of the League of Nations and in defense of the Wilson Administration, that is their privilege. It is the duty, however, of the public school officials throughout the United States to see that any material introduced into the public schools for educational purposes is fair and impartial in its presentation of facts and arguments. It will be well for school officials everywhere to secure and examine copies of 'Current Events'."

ECONOMY IS DEMANDED IN ALL PUBLIC SERVICE.

There is indication that Congress has a real purpose of economy enforcement in the matter of next year's appropriations. As yet it is an indication only, but let us hope it has concrete materialization. Modestly the War Department presents an estimate for next year's expenses of \$700,000,000. Promptly the committee announces that this will be cut in half. That is promising. Of course Secretary Baker and General March had no expectation of getting an appropriation of \$700,000,000. It is an established practice of all departments of public service to make their estimates large enough to have what they really need left after all cuts. That is, they allow for cuts in the sum of their estimates.

This is a vicious custom and shouldn't be countenanced by any government. But the trouble is there are a lot of customs and practices that shouldn't be allowed, but are so uniformly indulged in that there is nobody left to forbid them. This padding of public estimates is one of them. It is possible that the War Department did not allow for a 50 per cent. cut and no doubt contention will be for something in between. But if Congress is wise, and true to the promises set forth in party platforms, this is not the only 50 per cent. cut that will be made. Drastic economy is the need of the hour in all public service as well as private practice. Talking about it will get us nowhere. Performance is essential, imperative.

Congress does well to cut estimates, but that is simply superficial economy. Estimates are, as stated, made to be cut, and the cuts must be deep indeed to reach the real reasonable reduction. But Congress must clean out departments of superfluous employees and co-ordinate departments in avoidance of duplication. Then Congress must do a little constructive economizing in revisions that decrease cost and increase efficiency all along the line of governmental functioning. And it wouldn't be a bad idea for Congress to begin now.

Request from the Women's International League for Peace and Freedom that the League of Nations address itself to the regulation of inter-racial marriages evidently gives both the Council and the Assembly a task to test its efficiency, and, as the Secretariat very truly says, adds more to league difficulties than prestige, and yet it is a legitimate matter for concern in the conservation of peace among persons and peoples.

Limiting the daily liquor of the larger cities is an application of scientific rules in the regulation of thirst indulgence that has provoked protest at law in Chicago, while New York continues her more conservative course of circumvention by the simple process of evasion in avoidance.

Between the handbook, the hold-up and the automobile menace existence is robbed of its monotony, the advantage of which, however, is lost in the twin fact that the existers are robbed of pretty much all they have, life not excluded, in the pillerlin grocesses.

SELECTING SITE FOR ROOSEVELT MEMORIAL

The erection of the Roosevelt Memorial, to the memory of the former president, has reached the point of selection of a suitable location. These three men, Wm. B. Thompson, president; Charles Moore, chairman, and Herman Haselorn, secretary, are members of the Roosevelt Memorial Association. They have just been in Washington trying to decide upon a site for the memorial.

CHIPPEWAS GATHER YEARLY ABOUT THEIR SPIRIT STONE.

Faithful to the traditions of their tribe, many members of the Chippewa tribe of Wisconsin gather each year about a large "spirit stone" now in the State Historical museum at Madison and invoke the favor of their old time gods, part of the ceremony consists of placing a pinch of tobacco on the stone. This stone was gathered several years ago by a scientist and after being shown at Chicago and St. Louis finally found its way to the State Historical museum at Madison. Every year there is a gathering of the faithful about it and the hall rings with the old time ceremonies.

WHISKY POURED INTO CANAL.

Middletown, Ohio, December 17. — While hundreds watched, Police Chief Byrd and City Clerk Kunz destroyed 48 quarts of bonded whisky by breaking the bottles and pouring their contents into the canal. The whisky was confiscated recently and its official destruction is said to be the first instance of the kind in Ohio under the new Crabbie act.

PRISONER FLED FROM GUARDS.

A squad of guards were searching the hills and river front at Fort Thomas, Ky., Friday, for Roy V. Williamson, a soldier, who escaped from one of the guards by running down into a hollow while at work. It was stated that Williamson was a prisoner for a minor offense.

An Appeal

To the Republicans of the Country and All Those Who Aided Them:

The Republican success in the 1920 election has been commensurate with the quality of our candidates and the righteousness of our cause.

This success is the partnership accomplishment of all Republicans everywhere and of hundreds of thousands of well-wishers of good government regardless of past party affiliations.

To all of these we now appeal, because it is the mutual responsibility of us all who will share alike in the consequent mutual benefit of good government.

The plan of limiting campaign contributions to \$1,000, adopted by your national organization, has left your party unmortgaged.

It has been a most advanced step in placing the business of politics on the highest plane, and has brought an interest on the part of thousands who never before have been concerned with politics.

Some weeks before election it was apparent that the expenses provided for in our budget, with the strictest economy, would exceed the contributions, but we were unwilling either to leave undone any legitimate effort essential to complete success or to change the method of raising money. We were then sure and we are now sure that every Republican desires that the expenses of the campaign be distributed in this manner.

Your presidential campaign this year cost no more than that of 1916, when a dollar went nearly twice as far as it does today.

Four years ago the bulk of the campaign fund came from 750 contributors, while this year the approximately \$2,000,000 contributed to date for the presidential election has come from 50,000 givers.

The victory won, the raising of the deficit would be easy, indeed, if your committee were willing to abandon the policy of keeping down the average of contribution. This we are determined not to do. It was a fight of all the people. The result speaks for itself. It lifted a burden from the minds of millions and points the way to better and happier days. We ask now for that additional help from all which is merited both by the successful conclusion of the effort and by the consequent contribution to the welfare of all of our people and the glory of the nation.

Let us now have help from every American who is grateful for the victory and all that it means to the country. It might well be in the nature of a thanksgiving offering for the return to a certainly safe, sane, constitutional progressive government.

Let us by general and generous giving put the seal of approval upon the policy of putting a national administration in power free from any possible embarrassment of special obligation to any man, men or group of men. Let us make the contribution, whether large or small, and whether or not we have heretofore given, commensurate with our means and our appreciation, always within the maximum limit heretofore fixed.

Let us get our names on the cornerstone of a sturdier political structure, upon the roll of those who have helped make possible a campaign of which, in methods and result, we may as Republicans and patriots be justly proud. Most earnestly we urge that this aid be given quickly, that your committee may be enabled to discharge the party's obligations and turn to further constructive work in behalf of party and country.

REPUBLICAN NATIONAL COMMITTEE,
Will H. Hays, Chairman.

FOR TORPID LIVER

Tennessee Lumberman Talks of His Successful Use of Black-Draught for Colds and Headaches.

Jamestown, Tenn.—"I have used Thedford's Black-Draught for years. In fact it is the only liver medicine that does me any good," says Mr. L. A. Ragan, a well-known lumberman of this place. "When I was single, I used it for headaches, and especially if I got a cold and feel feverish, I take a good dose of Black-Draught, and it sets me right."

"Since I have been married, I have used it in my family, and never have found its equal for torpid liver or disarranged stomach, especially with children. I can recommend Black-Draught, and gladly do so."

Every member of the family occasionally needs the assistance that Black-Draught can give. In helping to cleanse the system and relieve or prevent the troubles that come from a lazy, torpid liver.

If your liver is not doing its duty, you may suffer with headache, constipation, biliousness, indigestion, etc. Unless relief is obtained, serious sickness may result. In its long and successful use, Thedford's Black-Draught has been found in thousands of cases to relieve such disorders, by stimulating the liver to do its important work. Ask for Thedford's Black-Draught, and insist on the genuine. NC-137

Progress and Efficiency

We are anxious for the business and accounts of all, but we do not want you to think of us simply as a place to deposit your money. It is our aim to give to our customers the most correct, helpful, prompt, progressive, efficient and up-to-date service possible.

The leading Banks of the country have adopted the plan of supplying their customers with statements and this new plan seems to be working much more satisfactorily than the old system. Under the old system, a customer must leave his book to be balanced, which requires time and makes it impossible to immediately re-deliver it to them. Under the new system there will be waiting until tomorrow or next week before getting a full statement of your account. It, together with all your cancelled checks, will be ready for you any time you call. This means an additional convenience and saving of time to you.

We will continue to issue pass books to all depositors and keep the accounts of those who wish same in the old way, our sole object being to serve our customers to their best interests and in the way they wish us to.

New York Letter

by Lucy Jeanne Price

New York. — For the first time in the history of this particular nation, at least, women and girls prominent in Society have witnessed—openly—real boxing bouts. It was no amateur circus affair this time. The great ballroom of the Hotel Commodore furnished the arena, with a 24-foot ring set up in it. Harry Sutton, feather-weight champion of the Atlantic fleet, Bob Fitzsimmons, Jr., and William Spangler, light heavy-weight, were among the stars of the evening, and there were six bouts by the gangsters of the Bronx branch of the Marshall Stillman athletic clubs. Rev. Herbert Shipman was master of ceremonies, and Mrs. Vincent Astor, Mrs. Herbert Shipman, Mrs. Charles Dana Gibson and a dozen other women of the fashionable world were patronesses. The Marshall Stillman association, organized for some working among the vagrant gangster boys of the city, was in charge of the affair.

And they say that New York lacks sympathy and humanity, especially when it comes to a matter of business! The other day I stopped in at a delicatessen shop. A woman in a gorgeous fur coat and a grieved look came in. Apparently she was a frequent customer. "I'm blue tonight," she confided to the delicatessen man. "I looked suddenly earnest." "It won't do you no good to go home and eat them things," he advised her seriously. "A good dinner is what you want. Let me take them back."

There's one innovation that surely cannot be charged up as due to the war. Gold mesh bags for men! Yes, they are existent, I saw one! It was not much of a bag and it wasn't much of a man. Nevertheless, he bought ten Christmas seals of a volunteer collector, and from out of his fountain pen pocket drew a little chain. And the end of it hung the small gold mesh bag—from which he carefully selected his dime.

Fifty-five years ago, Mrs. Thomas Whiffen started playing old lady parts on the stage. Some theater goers can even yet remember her in "Hazel Kirke" away back in 1880. And since that time she has never played anything except the one type—or age, at least. Now she's here in "Just Sappho" and grandmothers are exclaiming, "Can that be the Mrs. Whiffen, I remember?" It is, and she loves the stage as she did 55 years ago, and the audience love her as audiences loved her then. There's something almost thrilling about her record and her delight in the work after more than half a century at it. It's worth an epic.

George Carbone, chauffeur, has great respect for the sinews of the church. The other day his car and one being driven by the Rev. H. N. Hancock, pastor of the Huntington, Long Island, Methodist church, came into conflict. Carbone's car overturned. He got out of it and punched the clergyman in the face. One of his life's surprises followed. Instead of turning the other cheek, the pastor sailed into him and emerged complete victor of the scrap.

There is a rumor that Lionel Barrymore will do "Macbeth" next spring; and it has aroused more interest among the people of the stage and of the theater-goers than any theatrical rumor in several years. Arthur Hopkins and Robert Edmond Jones will be the producers.

Charles Galewski broke the rules of the landlord's union and the record of the world the other day. His tenants, at 506 W. 176th street, found in their mail boxes the landlord-notice slips which they, with a few million other renteds dread from day to day. But these slips announced, not an increase, but a DECREASE, in all rentals in the building. They were so excited that seven of them rushed to the phone to ask what was the reason.

Old Dutch architecture is making its appearance once more in lower Manhattan. Years ago, of course, it dominated. But it long since disappeared. H. Dray & Co. tobaccoists, have just had completed an almost exact replicas of the building where their ancestors did business in Holland.

With its red brick, laid in Dutch bond, white trimmings and copper roofs, and steeped bag eilt looks like an illustration from "Old New York."

Misplaced talents are always, disturbing. Alex Urbanoff, did a jump the other day for which he might have demanded \$500 in vaudeville, and he did it for \$10, and didn't get away with that. Alex who was riding on the elevated, had just succeeded in lifting a lady's purse, holding the ten, when the lady announced the fact that she had been robbed. Whereupon, he jumped from the train, landed on an automobile, bounced from there to the street, and got up only slightly dazed—not from the shock of the jump but from the situation of finding himself in the embrace of a policeman.

BLIND MAN FIGHTS BLIND AFFINITY OF BLIND WIFE.

Atlanta, Ga.—That love is blind has just been proved in police court here when a blind man, his blind wife, and her alleged affinity, blind also, were arraigned for trial following a battle royal between the two men after the husband had come home unexpectedly. Martin Strone, the husband, told the recorder that while peddling religious tracts in the streets a friend had warned him that a rival was paying court to his wife and that he had better go home. On his arrival there he said he found Sam Stewart enjoying a shat with the wife. Then the fight started. Most of the furniture in the room was wrecked, but the combatants suffered less injury, due to their inability to get at each other properly. "One day in a dark cell in the police dungeon for Stewart," said the judge.

ASKS CHIEF FOR NEAT LADY OR WIDOW FOR HIS BRIDE.

Altoona, Pa.—Chief of Police J. N. Tillard is looking for a "neat lady or widow, not more than 130 pounds," to fill a request for a wife for a man living in Horton, Kas. In his letter to the chief the individual seeking the matrimonial alliance says:

"As I want to come to your city to make my future home, I wonder if it would be too big a favor to ask you to get me in communication with a neat lady or widow, not more than 130 pounds, as I am lonely and alone in this world. I am 38 years old, 5 feet 9½ inches tall, dark brown hair, blue eyes."

MAYSVILLE TESTIMONY

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you must always find the recommender a Maysville resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Maysville recommendation. Then insist on having Doan's. You will know what you are getting: George H. King, prop. grocery, 615 E. Second St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at J. J. Wood & Son's Drug Store and I have been greatly benefited by them. Sometimes my kidneys have been out of order and the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. King had. Foster-Billburn Co., Mfrs., N. Y.

TWO MEN, ONE DRUNK, ONE INSANE, SHOOT WIVES.

Raleigh, N. C.—Three hours after Charles E. Davis, prominent farmer of Wake county, shot and probably fatally wounded his wife, Sam P. Shadrick, a farmer living seven miles from the Davis home, shot and killed his own wife. Both men are in Wake county jail. Davis, according to physicians, is slowly coming out of a drunken stupor, and Shadrick, until recently an inmate of the state hospital for the insane, is apparently unable to understand the seriousness of his act.

HAS EVIDENCE THAT WILL CLEAR DR. WINNES.

Frankfort, Ky., Dec. 18. — E. C. Jones of Harlan, attorney for Dr. H. C. Winnes, former assistant veterinarian, charged with the murder of Miss Lura Parsons, was here today talking with convicts. Jones declares that he has evidence that will clear Dr. Winnes but that he will not make it public until the grand jury meets in Harlan county next month. He obtained permission to question the convicts from Governor Morrow.

RED BLOOD MEANS HEALTH

Pepto-Mangan Recommended By Physicians as Red Blood Maker.

How would your blood stand a test today? If you feel run down, look pale, lack enthusiasm, your blood would show too few red corpuscles. Your blood would be weak. If you will take Pepto-Mangan every day for a few weeks the red corpuscles in your blood will increase in number and then you will look better. Your complexion will be better. Your natural good color will come back. You will feel so much better and stronger. Disease germs will be fought off.

It pays to keep your blood in good shape. Pepto-Mangan—that wonderful blood tonic—will help you do it.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. You can buy it in either liquid or tablet form. The medicinal properties are the same.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name—"Gude's Pepto-Mangan"—is on the package. — Advertisement.

NEW TOBACCO CENSUS TO BE IN CROP REPORT.

Frankfort, Dec. 17. — The monthly reports on Kentucky crops, which usually issued here on the 10th of every month, has been delayed this month because of the taking of a recensus of the tobacco crop. It is hoped, according to the crop reporting bureau in the office of Commissioner of Agriculture, Labor and Statistics, W. C. Hanna, to have the report ready for mailing next Monday or Tuesday. The new census of the tobacco crop was caused by complaints of tobacco growers that the November report, in which the size of the tobacco crop was estimated, was incorrect. They asserted that the crop, especially burley tobacco, was not nearly so large as indicated. The State Board of Agriculture and the Federal Crop Statistician, H. F. Bryant, of Charleston, W. Va., have been taking the new census for the last week.

PRESIDENT A. MCLEAN MEMORIAL SERVICES.

Archibald McLean was president of the Foreign Christian Missionary Society thirty years and its Secretary eight years previous. When the separate societies and board of the Christian churches were all united in the United Christian Missionary Society, a year ago, he was made first vice president. He died at Battletown, December 15. Dr. McLean was one of the most scholarly and widely known men in America. Among his own people there was none greater. A special memorial address will be delivered in his honor at the Christian church Sunday morning by the pastor.

AN EXPLANATION.

There seems to be some misunderstanding in regard to the purchase of an automobile for the County Health Nurse. There is an impression that the county purchased an automobile for Miss Casey which she took away with her. This is entirely wrong. The county did purchase a small Saxon auto for Miss Casey which was later sold and the proceeds placed in the Health League's treasury. The machine which Miss Casey took with her was her own personal property which she had purchased herself.
